

Says

What have we heard them say?  
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?  
What other thoughts might influence their behavior?

users sees both the positive as well as negative aspects of the output. based on the proportion of both the aspects,user may behave so

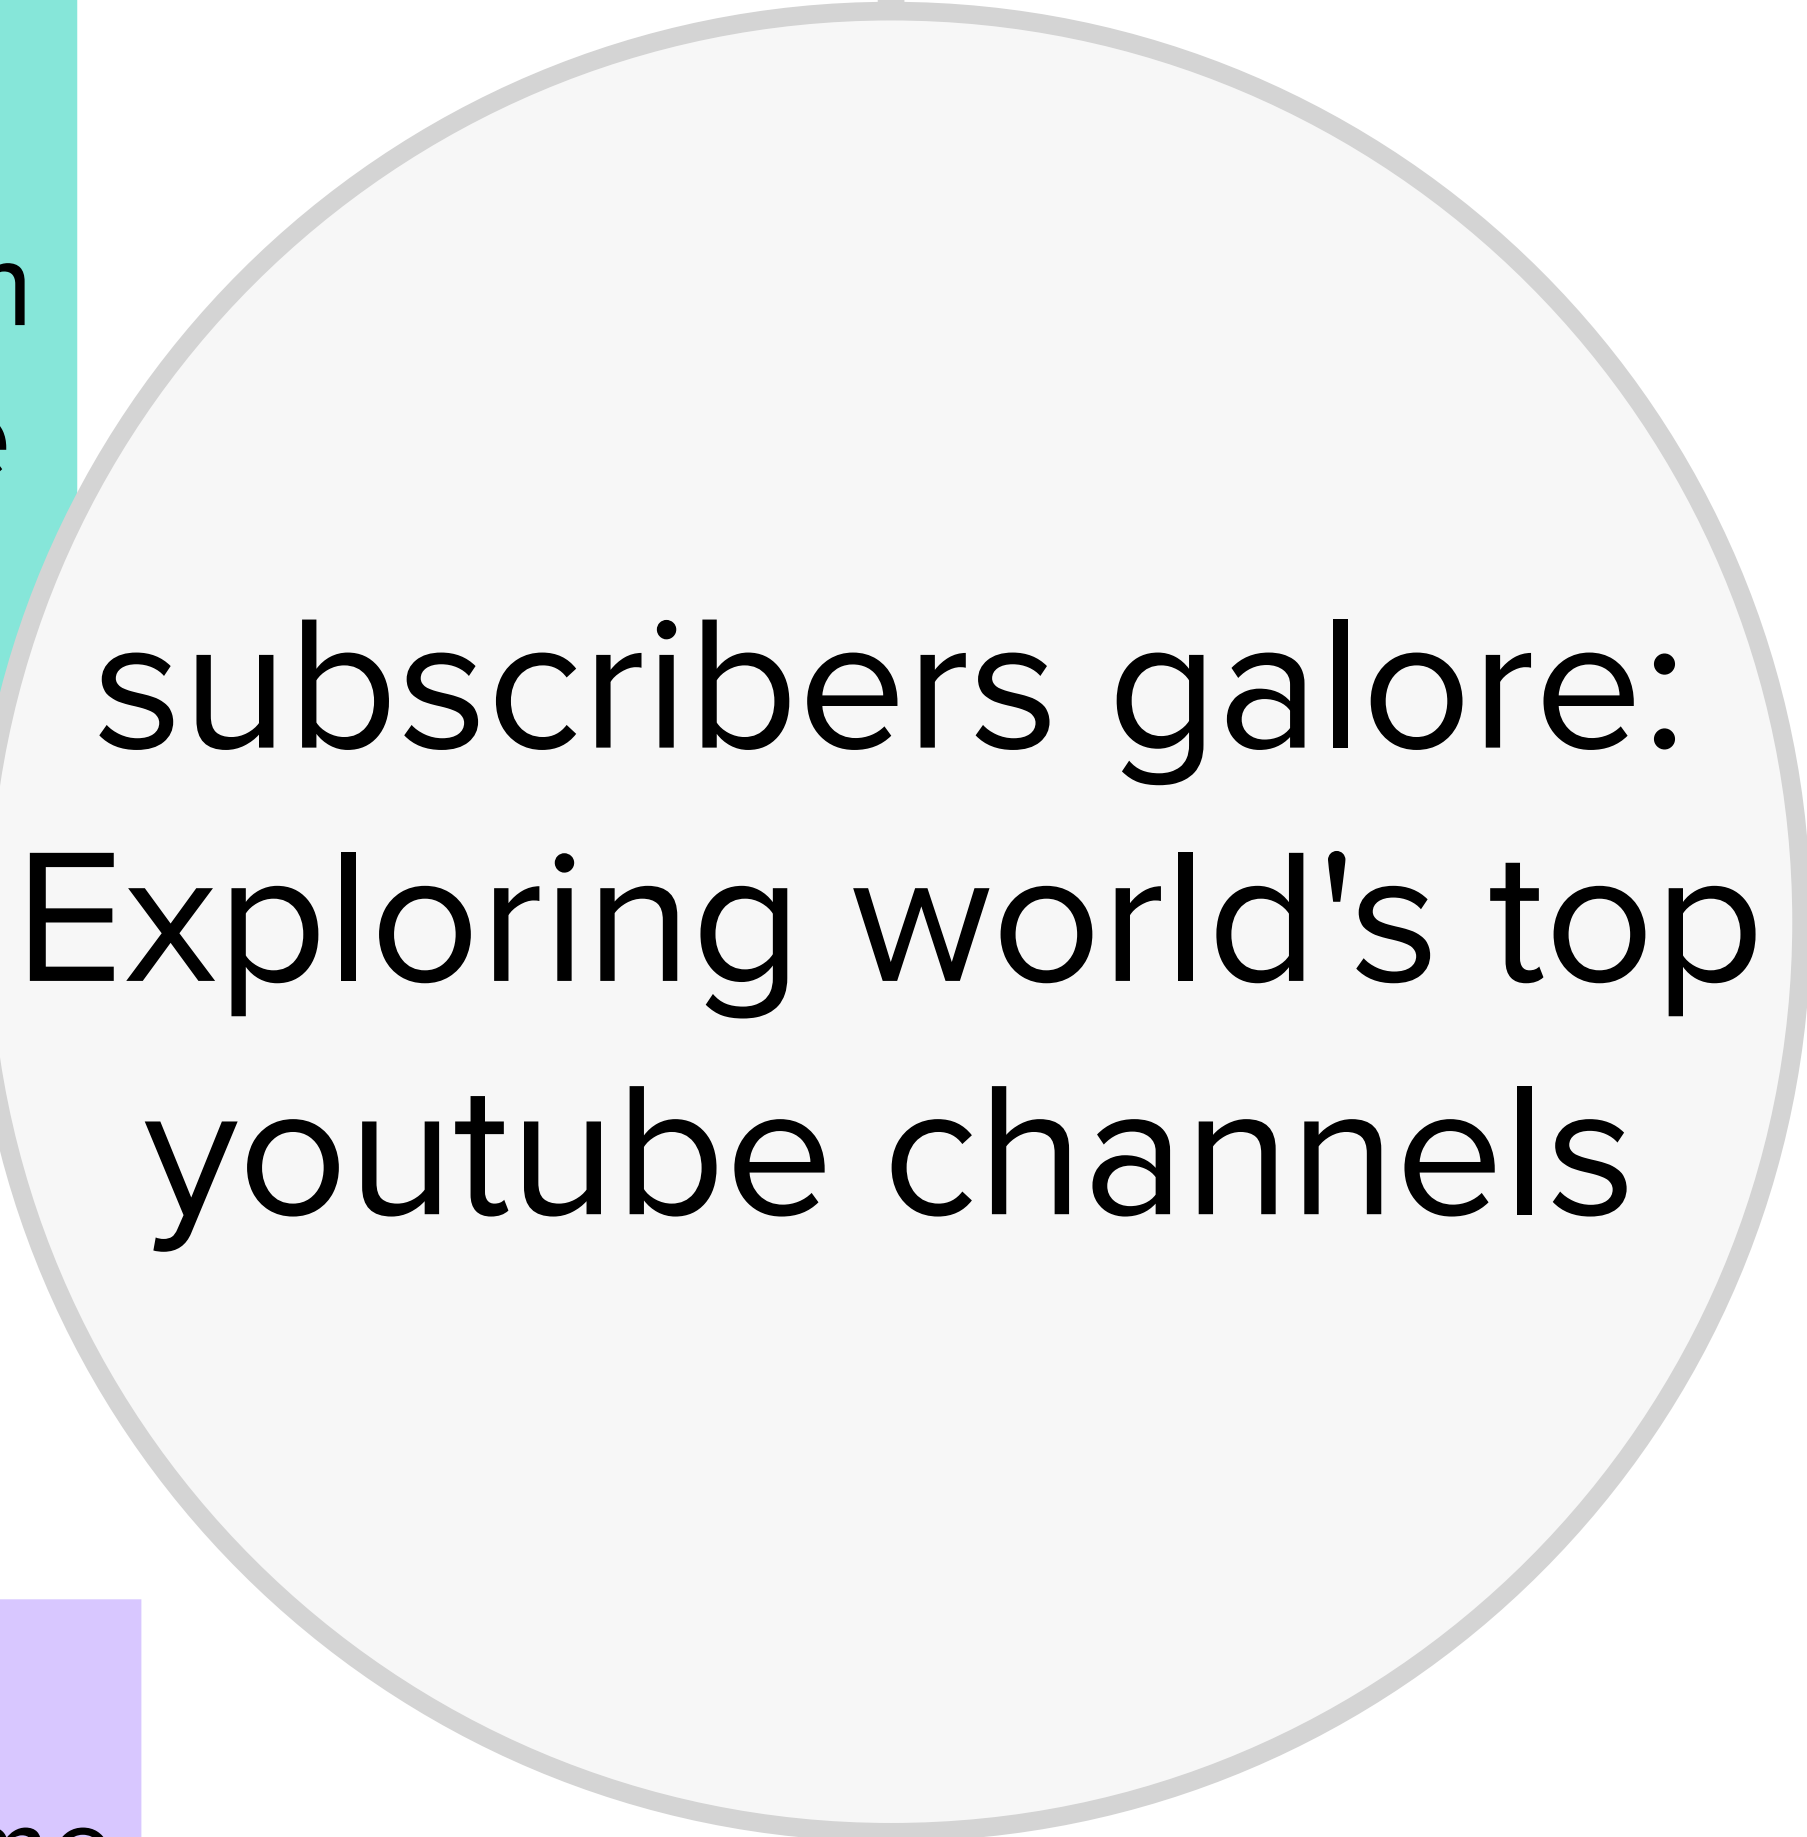

nothing different will happen than what happen to others. same kind of reaction from the user, same kind of negative and positive commands from users as well as from viewers. some may criticise some may appreciate

people will say this as a waste of time . we are draining our future. not focusing on life to achieve something. they think as we are careless

We Will may get new ideas to develop our knowledge

You cthrough variousor affilitate links methods such has ads, sponsers,hips, an make money from your videos

youtube gives creators flexibility so that you can gets started timing,sharing and finding your randoms depending on the way you like to create

people through their negative comments

many will criticise and the supporters of the youtube channel will splash out like anything. but whatever the people may ract we aim at our ideology

some will appreciate. some will understand the cause and motive of our project

user may think it in a negative manner or in positive manner

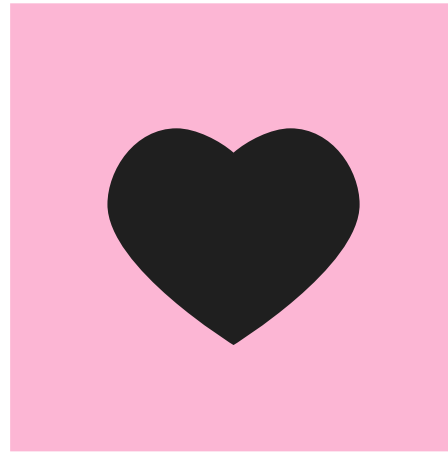

user may even take it as a way to improvise themselves and develop their channel into a somehow better than its present form

user may take it as an opinion and also as an advice and improvise themselves. orelse if the output is in negative manner then the user may even get tempered and act accordingly

Does

What behavior have we observed?  
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?  
What other feelings might influence their behavior?
